

## ERASMUS+ INTERNATIONAL CREDIT MOBILITY PROGRAMME

### CALL FOR APPLICATIONS FOR BACHELOR, MASTER AND PHD MOBILITIES BETWEEN A4U UNIVERSITIES AND NON-EUROPEAN PARTNER UNIVERSITIES DURING 2025-2026 ACADEMIC YEAR

#### 1. Purpose of the Call

Alliance of 4 Universities (A4U) is a strategic partnership of four Spanish public universities: Universitat Autònoma de Barcelona, Universidad Autónoma de Madrid, Universidad Carlos III de Madrid, and Universitat Pompeu Fabra in Barcelona. One of the objectives of A4U internationalization strategy is to promote mobility with leading universities in non-European countries.

A4U has been awarded funds under Erasmus+ International Credit Mobility Programme, which enables students from A4U universities and partner universities to undertake a mobility stay.

The main objectives of the mobilities are:

- To offer research and study development opportunities to students at participating universities, helping them achieve sustained improvements in their knowledge and research skills.
- To help mobility participants improve their professional, social and inter-cultural skills, as well as employability, and to promote cross-cultural exchange and dialogue.
- To forge lasting links between A4U universities and its partner universities, enhancing their transnational academic cooperation.

Mobilities announced in this call should be carried out in 2025-2026 during the period of academic activity based on the academic calendar of the host university. All mobilities should end by 31 July 2026.

#### 2. Participating higher education institutions and number of available grants

The award of financial support for positions allocated to the Africa region is subject to the approval of the final redistribution of Erasmus+ KA171 funds by the National Agency Erasmus+ SEPIE and the participant's compliance with the eligibility requirements.  
See Annex for country-specific information.

#### 3. General conditions

The call is open to all subject areas. Applicants must check that their request matches the offer available at the host university.

The mobility grant consists of a travel allowance and a monthly subsistence allowance according to the flat rates determined by the Erasmus+ Programme (see annex for country-specific

information). The grant should be regarded as a **contribution** towards the costs of mobility rather than covering 100% of the involved costs<sup>1</sup>.

Selected participants will need to advance their own funds when organizing their stay, such as visa, insurance, flights and accommodation, since the mobility grant will be paid only once their stay begins (see procedures for grants payment in section 9). It is highly advisable to make bookings, such as flights and accommodation, on conditions that allow reimbursement in case of cancellation of travel.

The mobility period can be from a minimum of 2 months to a maximum of 5 months.

During mobility, Bachelor and Master students are expected to follow the chosen courses and take exams as required. The credit workload at the receiving institution should be comparable to a full-time credit workload at home institution.

PhD students should engage in research towards their doctoral thesis. It is possible for PhD students to continue their mobility in online mode once the onsite stay is over. That is, once the student is back to the country of residence, s/he may continue to be supervised by the host supervisor for an agreed period of time. Such mobilities will be considered as blended. Online extensions of PhD students' onsite stays will not be financed because there will not be any travel and subsistence costs involved.

An **Interinstitutional Agreement** between the home and the host universities must be signed before the start of the mobility.

#### 4. Eligibility requisites

To be admitted to the selection process, applicants must meet the following requirements:

- To be enrolled for a recognized Bachelor, Master or doctoral degree at their sending institution at the time of application and during the mobility.
- To have at least B2 level in the language in which planned mobility activities will be conducted.
- To take responsibility for carrying out the mobility in 2025-2026 during the period of academic activity based on the academic calendar of the host university. All mobilities should end by 31 July 2026.
- To submit all the required documents by the application deadline.

Specific requisites for **incoming Bachelor and Master students from Russia**:

- To have 4,5 out of 5 as a minimum average mark in their transcript of records.

---

<sup>1</sup> As a guideline, the average monthly living expenses in Madrid or Barcelona are 400-600€ for a shared flat (student residence can be even more expensive) and €250-300 for food.

Lower priority will be given to applicants who already received an Erasmus+ KA107 grant for the same study cycle. Mobility awarded under this call will count towards the maximum of 12 months allowed per study cycle.

#### 4. Timeline

Call opens	<b>Upon publication on A4U website (January 2025)</b>
Call closes	<b>21 March 2025</b>

## 7. Application process

The call and the application form will be published on A4U website <http://alliance4universities.eu/en/mobility-scholarships/>. All partner universities websites will refer to it by publishing an announcement.

Applicants must complete an online application form and attach the following documentation:

<p><b>Bachelor and Master students</b></p>	<p><b>1. Transcript of academic records that indicates a cumulative average grade.</b> In case of Master students, transcripts of records should be submitted: one for the completed Bachelor degree and the other for the Master degree, in which they are enrolled.</p> <p><b>2. Nomination letter</b> provided by the sending university, which should indicate the cumulative average grade for the applicant's transcript of records (in case of Master students, for two transcripts of records), and certify that the applicant's level of language is minimum B2.</p> <p><b>3. Learning Agreement</b> signed by the applicant and the sending institution. Applicants should complete ONLY the first 3 pages of the Learning Agreement. Scanned signatures are accepted.</p> <p><b>4. Motivation letter.</b></p> <p><b>5. Recommendation letter</b>, which should NOT be attached to the online application form but instead sent directly by an academic referee to <a href="mailto:coordinacion@a-4u.eu">coordinacion@a-4u.eu</a> with "Recommendation letter" in subject field by the application deadline.</p> <p><b>6. Official documentation that certifies the disadvantaged background, if applying for a top-up grant for <b>disadvantaged participants</b>.</b></p>
<p><b>PhD students</b></p>	<p><b>1. CV</b></p> <p><b>2. Learning Agreement</b> signed by the applicant, the thesis supervisor at the home university and the host academic at the receiving university. Applicants should complete ONLY the first 4 pages of the Learning Agreement. Scanned signatures are accepted. Students applying for Universitat Autònoma de Barcelona and Universitat Pompeu Fabra should also provide the invitation letter by the host academic.</p> <p><b>3. Recommendation letter</b>, which should not be attached to the online application form but instead sent directly by the referee to <a href="mailto:coordinacion@a-4u.eu">coordinacion@a-4u.eu</a> with "Recommendation letter" in the subject field by the application deadline.</p> <p><b>4. Official documentation that certifies the disadvantaged background, if applying for a top-up grant for <b>disadvantaged participants</b>.</b></p>

Students can apply for two destinations, in which case two separate applications should be submitted. Transcript of records, nomination letter and recommendation letter can be the same in both applications. Learning agreement and motivation letter should each be specific to the receiving institution.

International Offices of the participating institutions may assist applicants in the application process. For contact details of A4U universities, check Section 12 of this Call. Contact details of non-European partner universities can be found in the factsheets available on A4U website <http://alliance4universities.eu/en/mobility-scholarships/>.

## 8. Evaluation criteria and selection

Grants will be awarded on a competitive basis, based on the evaluation of applications by A4U Selection Committee consisting of the Vice-rectors for International Relations of A4U universities who evaluate Bachelor, Master and PhD students' applications, with the support of the Directors of International Relations.

Evaluation criteria:

<p><b>Bachelor and Master students</b></p>	<ul style="list-style-type: none"> <li>• Academic qualifications of the candidate based on the transcript of records (60% of the total score).</li> <li>• Candidate's profile based on the recommendation (20% of the total score) and motivation letters (20% of the total score).</li> </ul>
<p><b>PhD students</b></p>	<ul style="list-style-type: none"> <li>• Quality of the research proposal in the learning agreement, matching with the research areas at the host university and expected impact of the research stay,</li> <li>• Academic qualifications and research experience according to CV,</li> <li>• Recommendation letter,</li> <li>• Motivation according to the statement in the learning agreement.</li> </ul>

If two or more applications are of similar quality, the decision will be guided by:

- giving priority to applicants from disadvantaged backgrounds or with special needs/disabilities, according to the information provided by partner institutions,
- seeking gender balance,
- seeking a balanced distribution of grants among A4U universities.

In case of competition for top-up grants, the selection will be based on the criteria specified above.

The mobility of participants with special needs or disabilities will be conditional on the capacity of the host university to receive them.

In case of lack of applications, the Selection Committee reserves the right to re-distribute grants:

- across STUDENT and STAFF categories and IN and OUT flows within the same country,
- across different countries in Sub-Saharan Africa region.

If there are more applicants than grants available, reserve candidates will be placed on a waiting list and called upon if a grant becomes available.

The number of grants announced in the annex is a minimum that will be awarded. More grants may be generated or extensions granted if selected students' stays are shorter than 5 months.

Selection results will be published on A4U website <http://alliance4universities.eu/en/mobility-scholarships/> and will be announced to the beneficiaries and partner universities by e-mail.

## 9. Grant payment procedure

The grant is calculated according to the real arrival and departure dates reported by the host institution, taking into consideration its academic calendar.

The grant will be paid in two installments, the 1<sup>st</sup> instalment being: 70% of the total grant (travel and subsistence) upon arrival, and the 2<sup>nd</sup> installment of the remaining 30% of the total grant at the end of mobility.

### Students going from non-European countries to Spain:

Upon their arrival to Spain, the student will open a Spanish bank account, where their grant will be paid via a bank transfer. The first instalment will be paid once the student has reported their arrival to the receiving institution and submitted the Grant Agreement. The 2<sup>nd</sup> part of the grant will be paid at the end of the mobility upon re-confirmation of the departure date and completion of online EU survey by the student.

Students going from Spain to non-European countries: the procedure is as above, with the only difference that the grant will be paid into the participant's bank account in Spain.

## 10. Rights of the beneficiary

- To receive the grant according to the fixed rates set out in the Erasmus+ Programme guidelines and proportionate to the duration of mobility.
- For disadvantaged participants that receive top-up funding: to be advanced the travel grant upon obtaining the visa, so that the costs that they need to cover upfront are reduced.
- To benefit from the tuition fee waiver as a student, notwithstanding other fees for the use of certain services or activities that might be applicable.
- To receive information and advice on the application procedure from home university, as well as pre-departure and on-site guidance from the host university.
- To have the study period abroad recognized by their home university.

## 11. Obligations of the beneficiary

- To carry out the mobility according to the study proposal and committed dates during 2025-2026 academic year, and ending by 31 July 2026.
- To be in possession of an adequate medical insurance throughout the mobility period according to Erasmus+ programme rules. All participants must be insured against the risks linked to their participation in mobility activities. The insurance must cover:
  - medical expenses and accidents, including permanent or temporary incapacity,

- death, including repatriation,
- third party liability.

The cost of the insurance will be covered by the participants themselves. A4U recommends [OnCampus Estudia](#) insurance, but participants are free to choose a different product as long as it meets the requirements above.

- To obtain the visa for the stay in the receiving country and bear the costs of obtaining the visa.
- To book flights and accommodation in the country of destination. For this, beneficiaries need to advance their own funds since the mobility grant will be paid only once their stay begins.
- To take Online Language Training before starting their mobility.
- To participate, if requested, in sharing their mobility experience.
- To complete the required procedures and fill in the necessary documents as per Erasmus+ Programme before, during and after the mobility period, meeting the deadlines established by A4U. Before mobility: signature of the Learning Agreement and the Grant Agreement. After mobility: submission of the Certificate of Attendance and online EU survey.
- Any other obligation inherent to the Erasmus+ Programme and the internal regulations of the home and host institutions.
